

**Full scholarships. Stipends. Living Expenses.
Summer Internships. 100% Job Placement After Graduation.**

Sounds too good to be true? Actually, it is true!

Apply for the GW CyberCorps, be at the cutting edge of cyber security, and serve your country!
Computer Science, Management, Public Policy, and Other Majors

After graduating, these GW students and dozens of others went on to work at these agencies, labs,
and Federally Funded Research and Development Corporations

For U. S. citizens with GPA above 3.0 and education or experience in computer science,
the application deadline is January 31, 2012. See www.seas.gwu.edu/cybercorps for details.
