

### Student Information

Last Name		First Name	
GWID		GW Email	@gmail.gwu.edu

- Students must complete all boxes below listing the specific classes for each corresponding elective option.
- No electives can be double counted across different elective categories. For example, a selected restricted engineering elective cannot also be used towards your technical electives requirements.

### Programming Elective Pair

• Programming electives must be taken in the corresponding paired sequence.			
#	Subject	Course No.	Course Title
1			
2			

### Restricted Engineering Electives

#	Subject	Course No.	Course Title
1			
2			

### Science Elective

#	Subject	Course No.	Course Title
1			

### Chosen Technical Electives

• The five technical electives must be chosen with the approval of your SEAS faculty advisor from advanced undergraduate or graduate courses in engineering, computer science, mathematics, physical sciences or biological sciences.			
• Students must select at least three engineering courses as technical electives.			
#	Subject	Course No.	Course Title
1			
2			
3			
4			
5			

### Required Signatures

**Read before signing:** I have discussed the selection of technical electives with my SEAS faculty advisor. Any revisions must be approved in writing.
